

```
<head>
  <title>Bad Example</title>
</head>
<body>
  <h1>Welcome to My Website
  <p>This is an <b>invalid</p></b> HTML page</p>
  
  <a href="https://example.com">Visit Example
</body>
```

Problems: Missing , unclosed tags, improper nesting, missing alt attributes.

W3C Validation Tools

W3C Markup Validation Service checks if HTML/CSS follows standards and detects broken code that may cause cross-browser issues.
